

CONGRESSIONAL NEWS

Eulogies for the Late Senator Stanford.

THE OLD VETERANS OF ILLINOIS

Allege They are Being Wrongfully Persecuted by Government Detectives.

WASHINGTON, September 15.—The senate this morning resumed consideration of the repeal bill. Lindsay of Kentucky, Democrat, addressed the senate in support of the bill and his defense of Secretary Carlisle. The speech of Lindsay was received most attentively.

Tomorrow eulogies will be delivered upon the late Senator Stanford of California.

Among the petitions presented today was one by Calloun of Illinois for the ex-soldier residents of his state, alleging that they are being in disguise, secretly co-operating with those who have been distinguished for antipathy for those who fought for the flag. It is alleged the spies, with family pretenses, visit the homes of pensioners, and with the basest hypocrisy and fawning and deception seek to find some clue to furnish to the pension office to deprive the old veterans of their pensions. The petitioners ask for protection from the methods of the government officers who attempt to brand the pensioners as perjurers of the government.

Four Killed.

MILWAUKEE, Wis., September 15.—A fire accident occurred near here this morning at Logans Acre, on the Ohio river. A number of men were at work on a farm belonging to a Frenchman, when a fire broke out in a building, killing Robert, the owner, and three of his assistants.

TRAIN ROBBERIES.

SECURE \$75,000 IN THE MICHIGAN COPPER REGION.

Men Arrested for the Deed.

No Lives Were Lost.

COVINGTON, Mich., September 15.—A train on the Mineral Range railroad was stopped between here and Calumet by masked men this morning and secured \$75,000 belonging to the Calumet and Hecla mine. Everything is in a turmoil. There was no blood shed.

Jack King, a Cornish wrestler, John Rehee, a sport, and Jack Chalvey were driving very fast into town about 10 o'clock and persons near Boston station saw a horse corresponding in color to theirs tied near the station.

These men and a man named Gorman have been arrested and the case against them seems to be a very strong one. The conductor of the train, who saw the robbers walk away, thinks the gait and general appearance corresponds to these men.

Jack Chalvey's wife attempted to jump from the train but she was brought back. The prisoners were put under \$10,000 bonds, in default of which they were placed in jail. They will have a hearing tomorrow.

A man named Butler from Marquette was also arrested this evening, and will have an examination with the others tomorrow.

The robbery does not interfere with the mining of the Calumet and Hecla mine, and the banks in the country loaned them all the funds they need for the purpose. The loss of the robbery falls on the American Express Company, which ordered its best detectives to hunt Chicago tonight. The widest excitement prevails throughout the country, as this is the first train robbery in the history of the copper region.

The express car was in charge of Messenger D. W. Hogan, and there were two other men on the train. The train was going south at night, and was within half a mile of a little station called Boston, five miles from here, when a man stepped into the middle of the track and flagged the train. The engineer quickly applied the brakes, no thought of train robbery entering his mind. The man disappeared behind the station house and as the train stopped two women passengers got off. At that moment a masked man jumped on the locomotive and pointed a revolver at Engineer Selander and ordered him to stop. The engineer thought he was looking on a lunatic, but the gun went off and the engineer knew he was at the mercy of a desperate man. The follow pushed the engine into the corner of the station and the engine moved slowly showing perfect familiarity in handling an engine. Fireman Sutherland jumped out and was met by two more of the robbers, who fired at him, ordering him back. He had no alternative but to stop. Two more robbers in the meantime got on the front end of the express car, and with a sledge smashed in the car door.

Express Messenger Hogan tells his story as follows: "I was sitting in the engine, with my feet on the bar grating, when I heard a crash, and looking up, saw a masked man covering me with two revolvers and ordering 'Hands up!' There was another man just behind me, and the robbers ordered me to get away from me. Then they demanded the keys of the safe. I pretended to be looking for the right key they threatened to kill me, and I handed over the keys and took out two packages of currency and one of the robbers scooped them into a bag he carried. Backing out of the car door again they fired two shots, evidently as a signal to the robber on the locomotive. The Chinese at San Francisco, who were ordered the engineer to go on, saying, 'You will find a full pull of the throttle will open and fire for the Occoala telegraph office, when the robbers of the robbery was at once telegraphed here.'

The robbers leaving the train disappeared in the woods, the one who had the treasure waiting his hands at the passengers, who were ignorant as to what had taken place, so quickly was the robbery completed.

Among the passengers was Teller Field of the First National bank of Hancock, with \$40,000 in currency in his pockets, but the robbers did not know it.

As soon as the train arrived at Calumet the Calumet and Hecla company sent out a posse of men to hunt the robbers. Sheriff Dunn also sent deputies out from Houghton and tug boats along the lake shore to cut off the escape by water. Every road is closely guarded.

The Palouse country farmers, in Idaho, are in the midst of the harvest, and heavy rains are reported in that section.

Hubert Howe in Trouble.

SAN FRANCISCO, September 15.—N. J. Stone has sued H. H. Bancroft for \$300,000, out of which sum he alleges Bancroft owes him in transferring the business and plant of the Bancroft History Company to the California Book Company.

EASTERN RACES.

More Records are Broken at Washington Park.

Cutaco, September 15.—The stallion trotting record broken to 2:06 1/4, the world's pacing record of 2:04 equalled, and four heats desperately fought from wire to wire in the greatest race trotted this year, was the sport witnessed by 15,000 people at Washington park today. The day was not one for the horse, the wind blowing fiercely in the horses' faces all the way down the home stretch. Before the race was over, it was announced that, owing to the high wind, he would be sent against his own record of 2:07 instead of against Nancy Hank's record of 2:04, it being conceded that to equal the latter time on such a day would be an impossible feat. The race was made in the first quarter in 23, reached the half in 1:03, and three-quarters in 1:34 1/2. Turning into the home stretch he met a full force of strong wind, but came to the wire in 2:06 1/4.

It was almost dark before Flying Jim was brought out. It had been the intention to send him against the pacing record of Macon, but on account of the wind it was decided to send him against the record of 2:05 1/4. He made the quarter in 32 1/2, the half in 1:03, three-quarters in 1:32 and the mile in 2:04.

Salisbury of California, who owns both Dredman and Flying Jim, was apparently the happiest man on earth.

Extending Waterways.

ST. PAUL, September 15.—Congressmen Doan and McCleary of this state are consulting with the engineers of the war department on the feasibility of connecting Lake Traverse and Bigstone lake, in the northern part of the state, which would give uninterrupted water communication from the Gulf of Mexico to Lake Winnipeg in Manitoba.

It would be the entire cost of building a canal between the two lakes and lining the Minnesota river and the river of the North sufficient to allow Mississippi river steamers to pass in safety would be less than \$100,000.

THE CHEROKEE RUSH

Populous Towns Spring up as if by Magic.

ADJOINING TOWNS ARE DESERTED

Women as Well as Men Join in the

Franklin Endeavor to Secure Homes.

ARKANSAS CITY, Kan., September 16.—At noon today 75,000 men and women rushed into the Cherokee strip in a mad race for land.

Trains loaded with townsmen crept along at a pace of twelve miles an hour, while horsemen passed them easily. As a train pulled into a townsite the boomers warned from the cars and in fifteen minutes what was merely a waste of country became a populous community. Tents went up like magic, meeting were held, officers elected and in an incredibly short time a full fledged municipality sprang into existence.

There were innumerable fights which ended by the stronger taking possession of coveted lands. In the meantime out on the prairies the farmers nearly double the number raised into the Cherokee strip as well into Oklahoma.

Perry was the most favored townsite. Miller and Pond Creek also being objective points for thousands.

Engineers of trains were instructed to run carefully as it was feared the tracks would be tampered with. A discovery was made yesterday of straps and wires having been removed from some of the bridges, and consequently the trains moved so slowly that those on wagons and horseback easily outstripped them.

Gaines, September 16.—This city is nearly deserted, scarcely a hundred people being left, the remainder having come to the strip to buy land. Men armed with Winchester are guarding the city against bandits that have threatened to loot the town. A report has just been received that a band of robbers from the town are in camp and are supposed to be members of the Dalton-Starr gang.

The Religious Congress.

CHICAGO, September 16.—Professor Briggs of heresy fame, was given a warm welcome today in the parliament of religious and his liberal sentiments were accorded the heartiest applause. His speech was an eloquent presentation of the well known views of the eminent divine on the fallibility of the Bible. Among other speakers were Mr. Eaton, Ralph Waldo Emerson, Rev. Mr. Munger, Edward Everett Hall, president of the congress of Unitarians. The Theosophists, Seventh Day Baptists and Swedenborgians were also in session.

Recovered the Treasure.

TRACON, Mich., September 15.—The entire \$70,000 secured by train robbers on the Mineral Range road on the way to pay off the employees of the Calumet and Hecla mine, has been recovered. After securing the money the robbers put it in a small trunk and sent it by one of their number dressed as a miner to Houghton. He induced the baggage man of the United States road to check it through for him for the sum of \$50 cents. It is not known whether he was aware of the contents. The officers learned of the transaction, took a special train and overhauled it. Recovering the money, the robbers were arrested. The money was recovered from a trunk and sent it by one of their number dressed as a miner to Houghton. He induced the baggage man of the United States road to check it through for him for the sum of \$50 cents. It is not known whether he was aware of the contents. The money was recovered from a trunk and sent it by one of their number dressed as a miner to Houghton. He induced the baggage man of the United States road to check it through for him for the sum of \$50 cents. It is not known whether he was aware of the contents. The officers learned of the transaction, took a special train and overhauled it. Recovering the money, the robbers were arrested. The money was recovered from a trunk and sent it by one of their number dressed as a miner to Houghton.
